This year's Student Council has been very productive with President John Hobson leading the group

Starting out the year with a "welcome back" dance was the beginning of a year full of activities. These included national assemblies, a trash pick-up, and they organized a "fun-day" fundraiser for the Special Olympics. The group also purchased garbage cans and painted them for the drive against litter.

DANCE AND COMPUTER

Two of the more popular new classes are the computer class taught by Mr. Rouze Foote and the dance class taught by Mrs. Kathy Monaghan. Computer teaches the students various things from learning the basic computer language, to writing a program. They write flow charts, and sometimes when they are caught up, they do play the games already programmed. The new dance class is a long time dream of Mrs. Monaghan. When she first came to ACHS, she asked if she could teach a dance class, but until now her wish had been denied. Students were enthusiastic and a few male students also enrolled in the class. The class teaches both ballet and a combination of jazz and Modern Dance.

CHANGES FOREIGN EXCHANGE STUDENTS

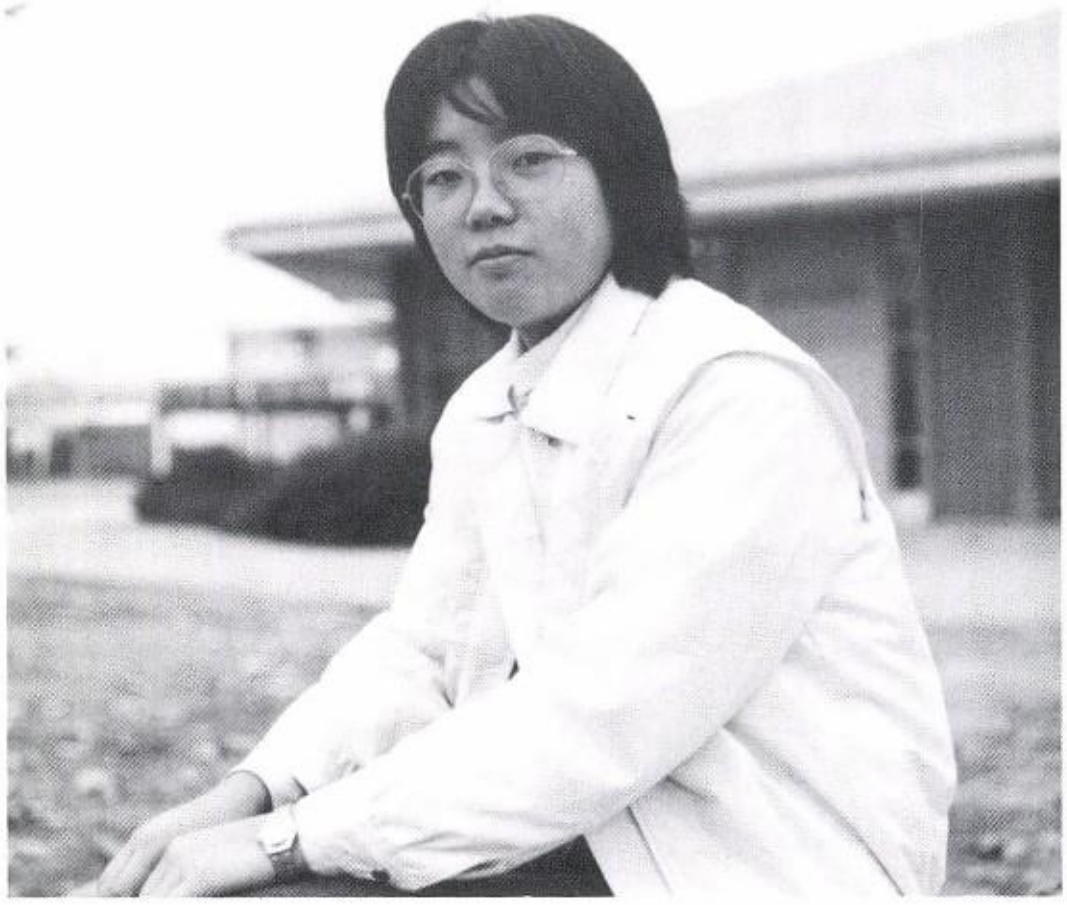
This year we have three foreign exchange students which are from various parts of the world.

The first, Yukiko Yalmishita, adjusted well by joining volleyball having been a popular sport in Japan. She did very well and ended the season by making MLL all-league second team.

Perjo Pakkonen, a seventeen year old from Finland, became a foreign exchange student to meet people other than those in her own country.

Although she has studied English for about eight years, Perjo had to adjust to the different way that English is spoken here compared to the more regimental way she was taught.

Another experience new to her is riding a bus to school. The town, in which she lived, in Finland was much bigger; therefore, having everything much nearer, she could walk to school.



Being a foreign exchange student from Tahita, Fred Hauata has experienced many new things. After sampling various American foods, he found his favorite to be pizza compared to his main diet of fish in Tahiti.

School being very strict in Tahiti, Fred had to adjust to our more relaxed classroom environment. When asked what he thought of California, his only response was "Crazy"!

FFA Nation Wide Organization

The FFA is a national organization open to anyone who is enrolled in a vocational Agriculture class. It is an organization with over half a million nation wide members. Our chapter operates the snack bar at the football games with FHA. Other fund raisers include a woodcut card party, pig raffle, and, or fair booth.

During National FFA Week (February 21-28) we put on a petting zoo. At Amador County Fair we have members who show everything from rabbits to beef. The end of the year is wrapped up with a fishing trip and banquet. We have 38 members in our club with many of which are active members.

What is this year's Varsity team like as compared to last year?

This year's team is much more willing to work, and they are very easy to coach. It is a much younger team. Carol Brusitori, Teri Aston and Renne Brisset are the only seniors, the rest are juniors. So they will be more experienced for next year. There is a definite improvement from the beginning of the year. The league is also better.

GIRL'S SOFTBALL

"This will be a season of firsthand experience for many players of Amador's softball team. The squad is monopolized largely by younger members. Returnees include seniors, Teri Aston and Carol Brusatori, both of whom will be a vital part of our infield, as well as newcomer Shelia Scott, who shows promise and enthusiasm for the first base spot.

"Junior veterans are Linda and Susan Weldin. Susan will be pitching for the first time and serve as a utility person in the infield and outfield. Linda takes up the reigns as shortstop. Karen Tarter returns this year and new transfer student, Leah Schulze, looks strong in pre-season contests in the outfield and hitting.

"Sophomores and Freshmen round out the lineup in abundance. Rosanne Lemer will be taking up much of the pitching responsibilities as will new student, Brenda Clifton. We anticipate a good competitive season and I appreciate the enthusiasm of all the women on the team, and the assistance of senior, Cheri Cunningham, in base coaching." Quoted Coach Mary Jo Fox at the beginning of the season.

The girls' varsity track team started out the year as a top contender for the second year in a row. Their stiffest competition came from Bret Harte and Calaveras.

The boys' varsity team was not overly large this year, but it had some outstanding competitors in the middle distance and distance runs and in some of the field events.

The boys' j.v. team was the strongest in several years. They had a talent and strength in almost every area. Their toughest competition came from the Calaveras team which ordinarily dominate the M.L.L.

Of the three teams, the J.V. stood the best chance of winning a title.

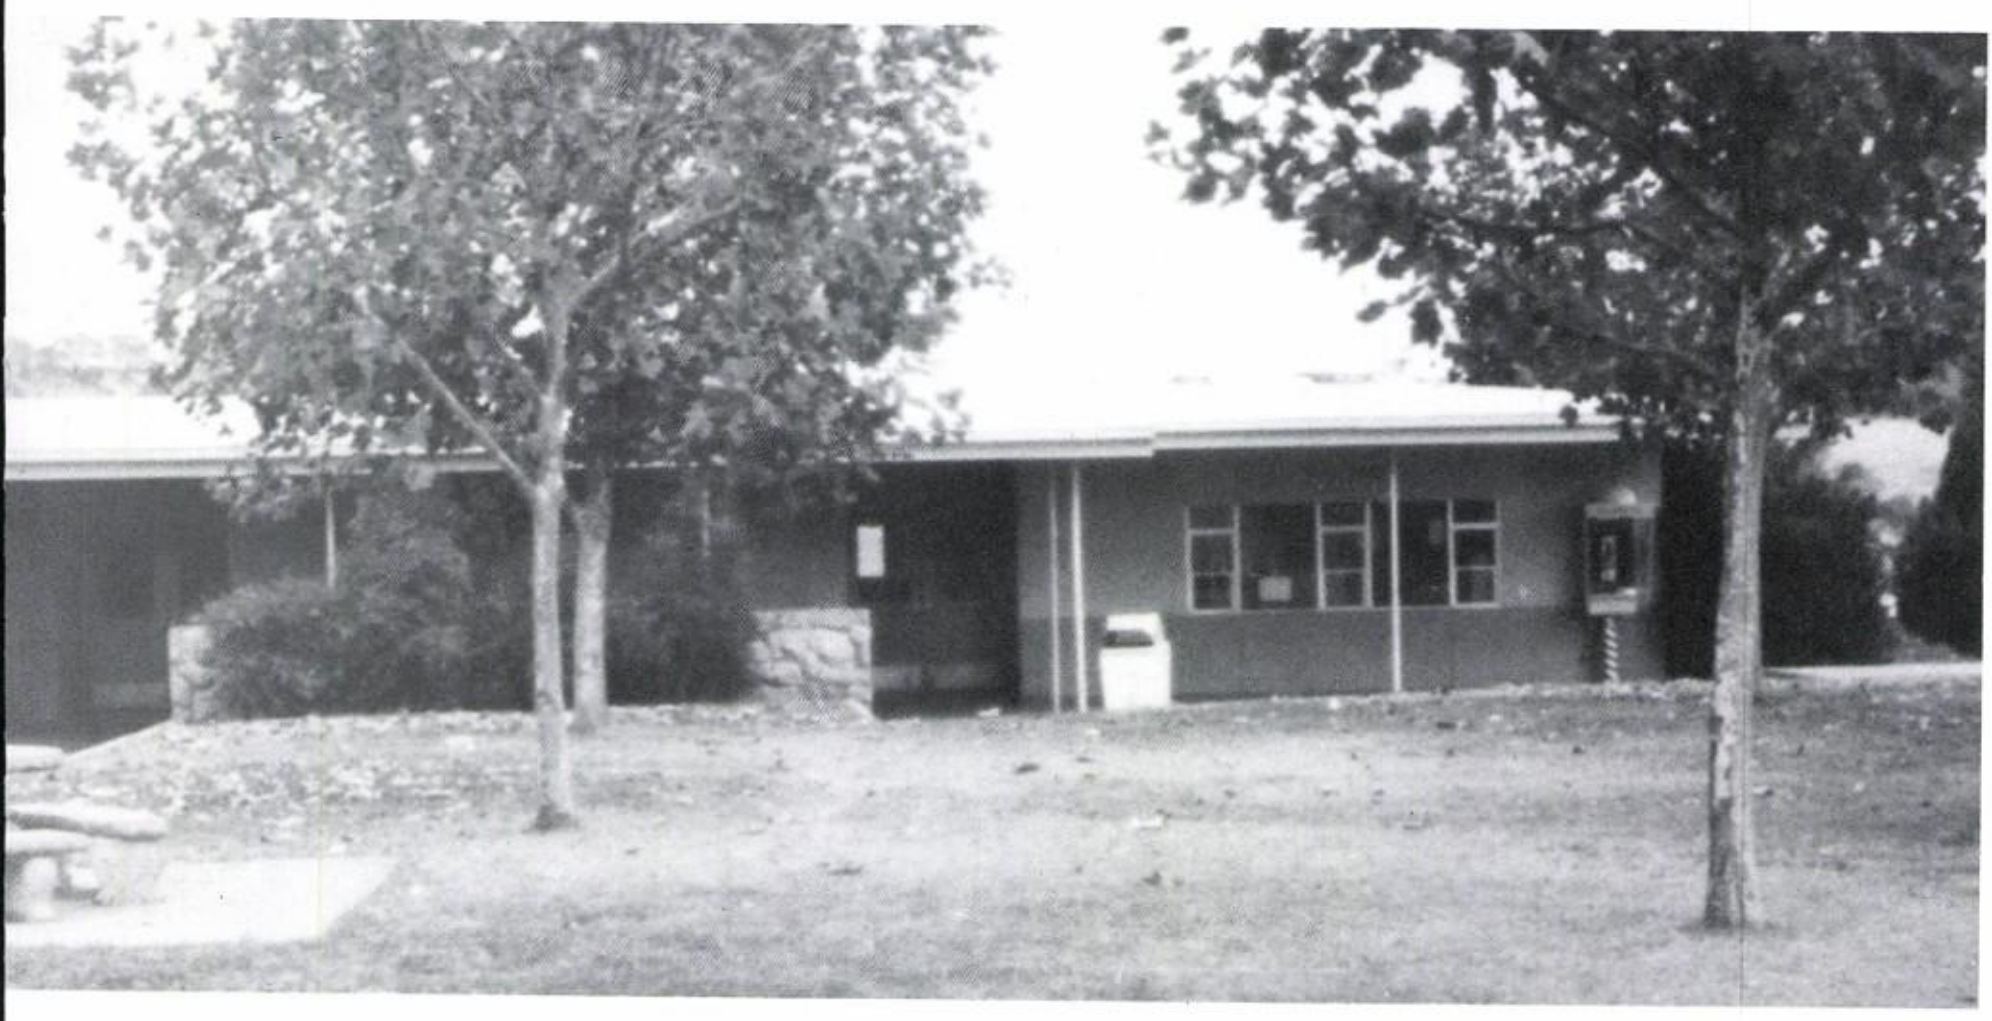
JUNIORS

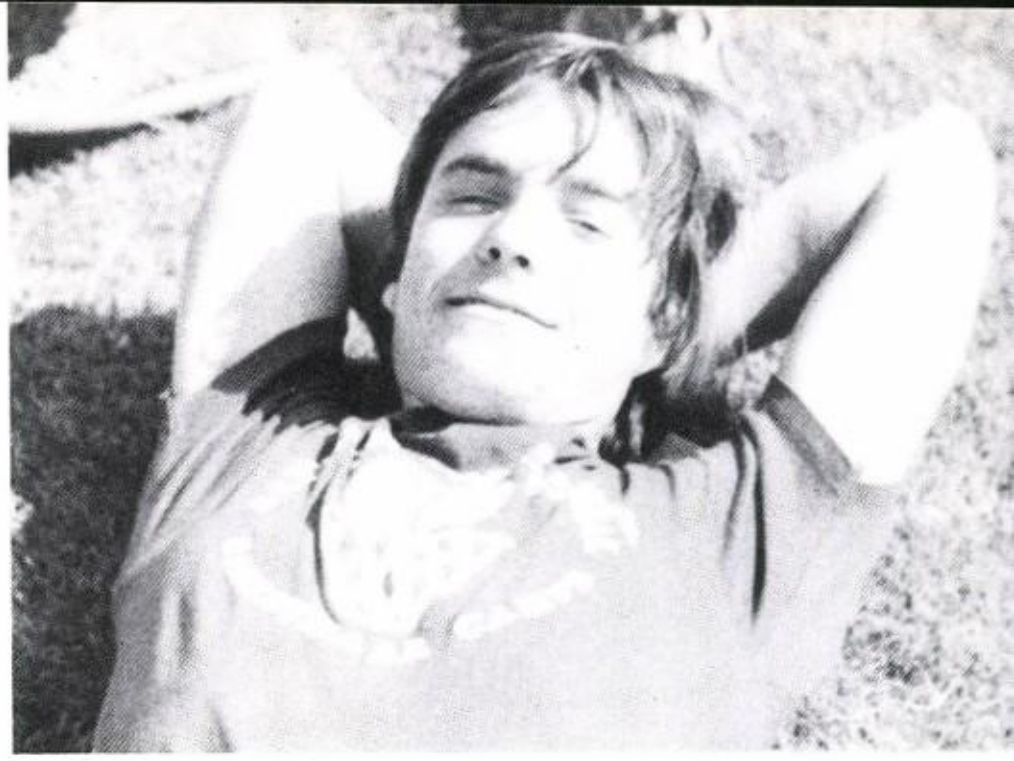
President disappointed

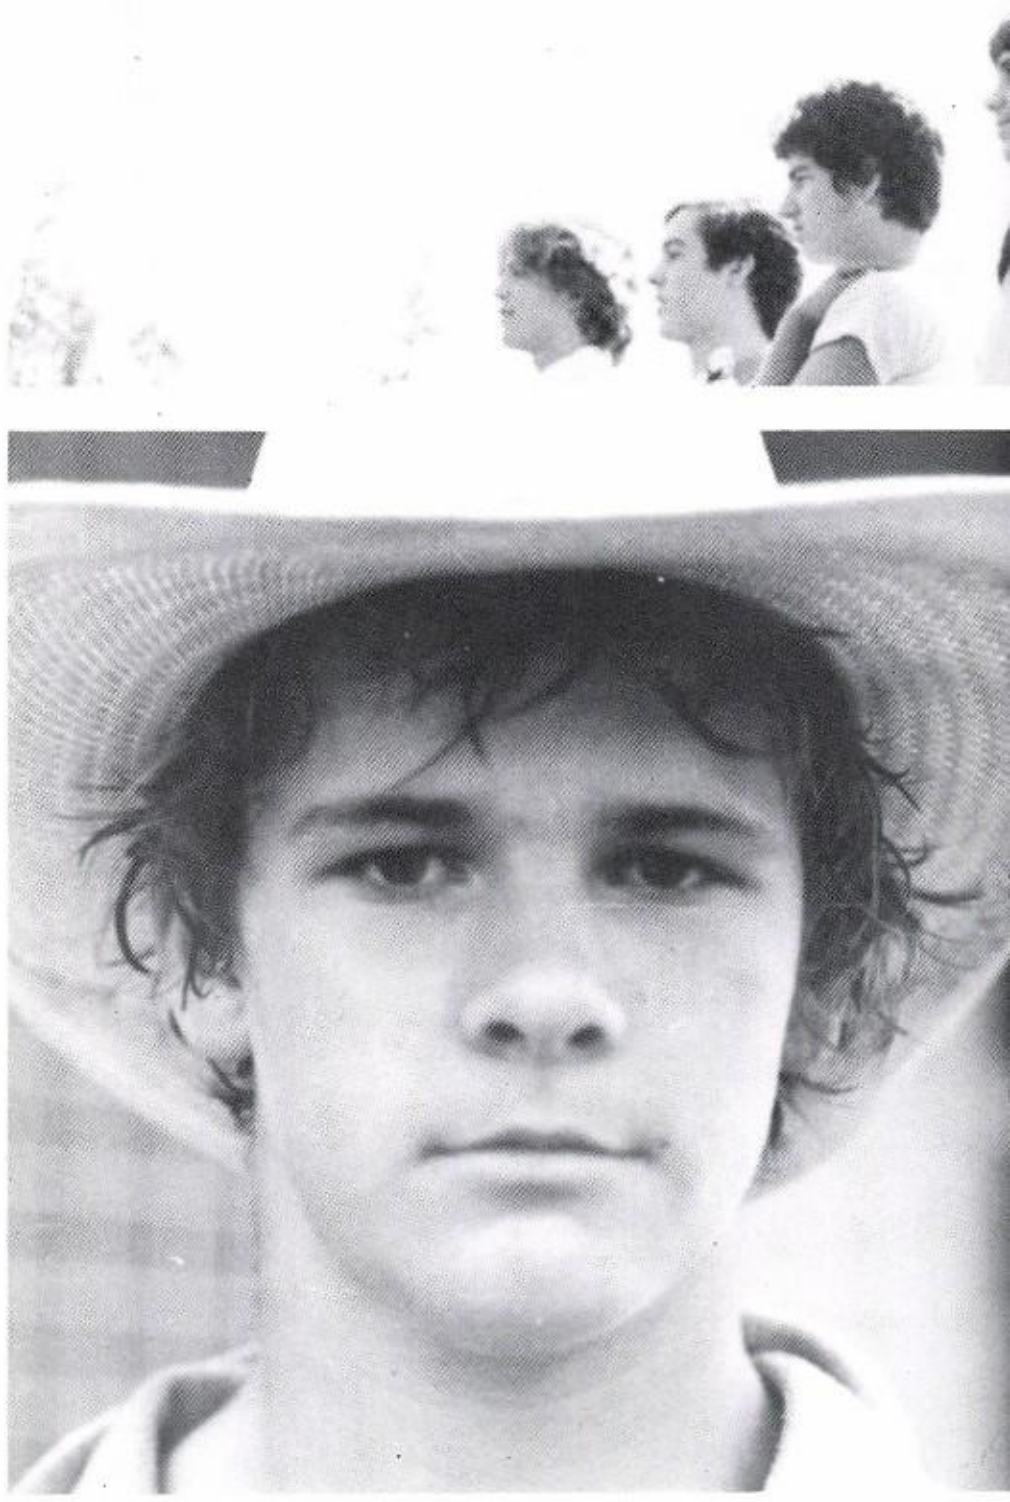
The Junior class put on the Fall Dance with the band "Whiskey" on Friday, November fourteenth. We also put on a Christmas Stocking sale and a Valentine balloon bouquet sale. The class of '82 consists of a few hard working individuals, but as a group, quite apathetic. The most enthusiasm was displayed in the planning of the exciting Prom on May second.

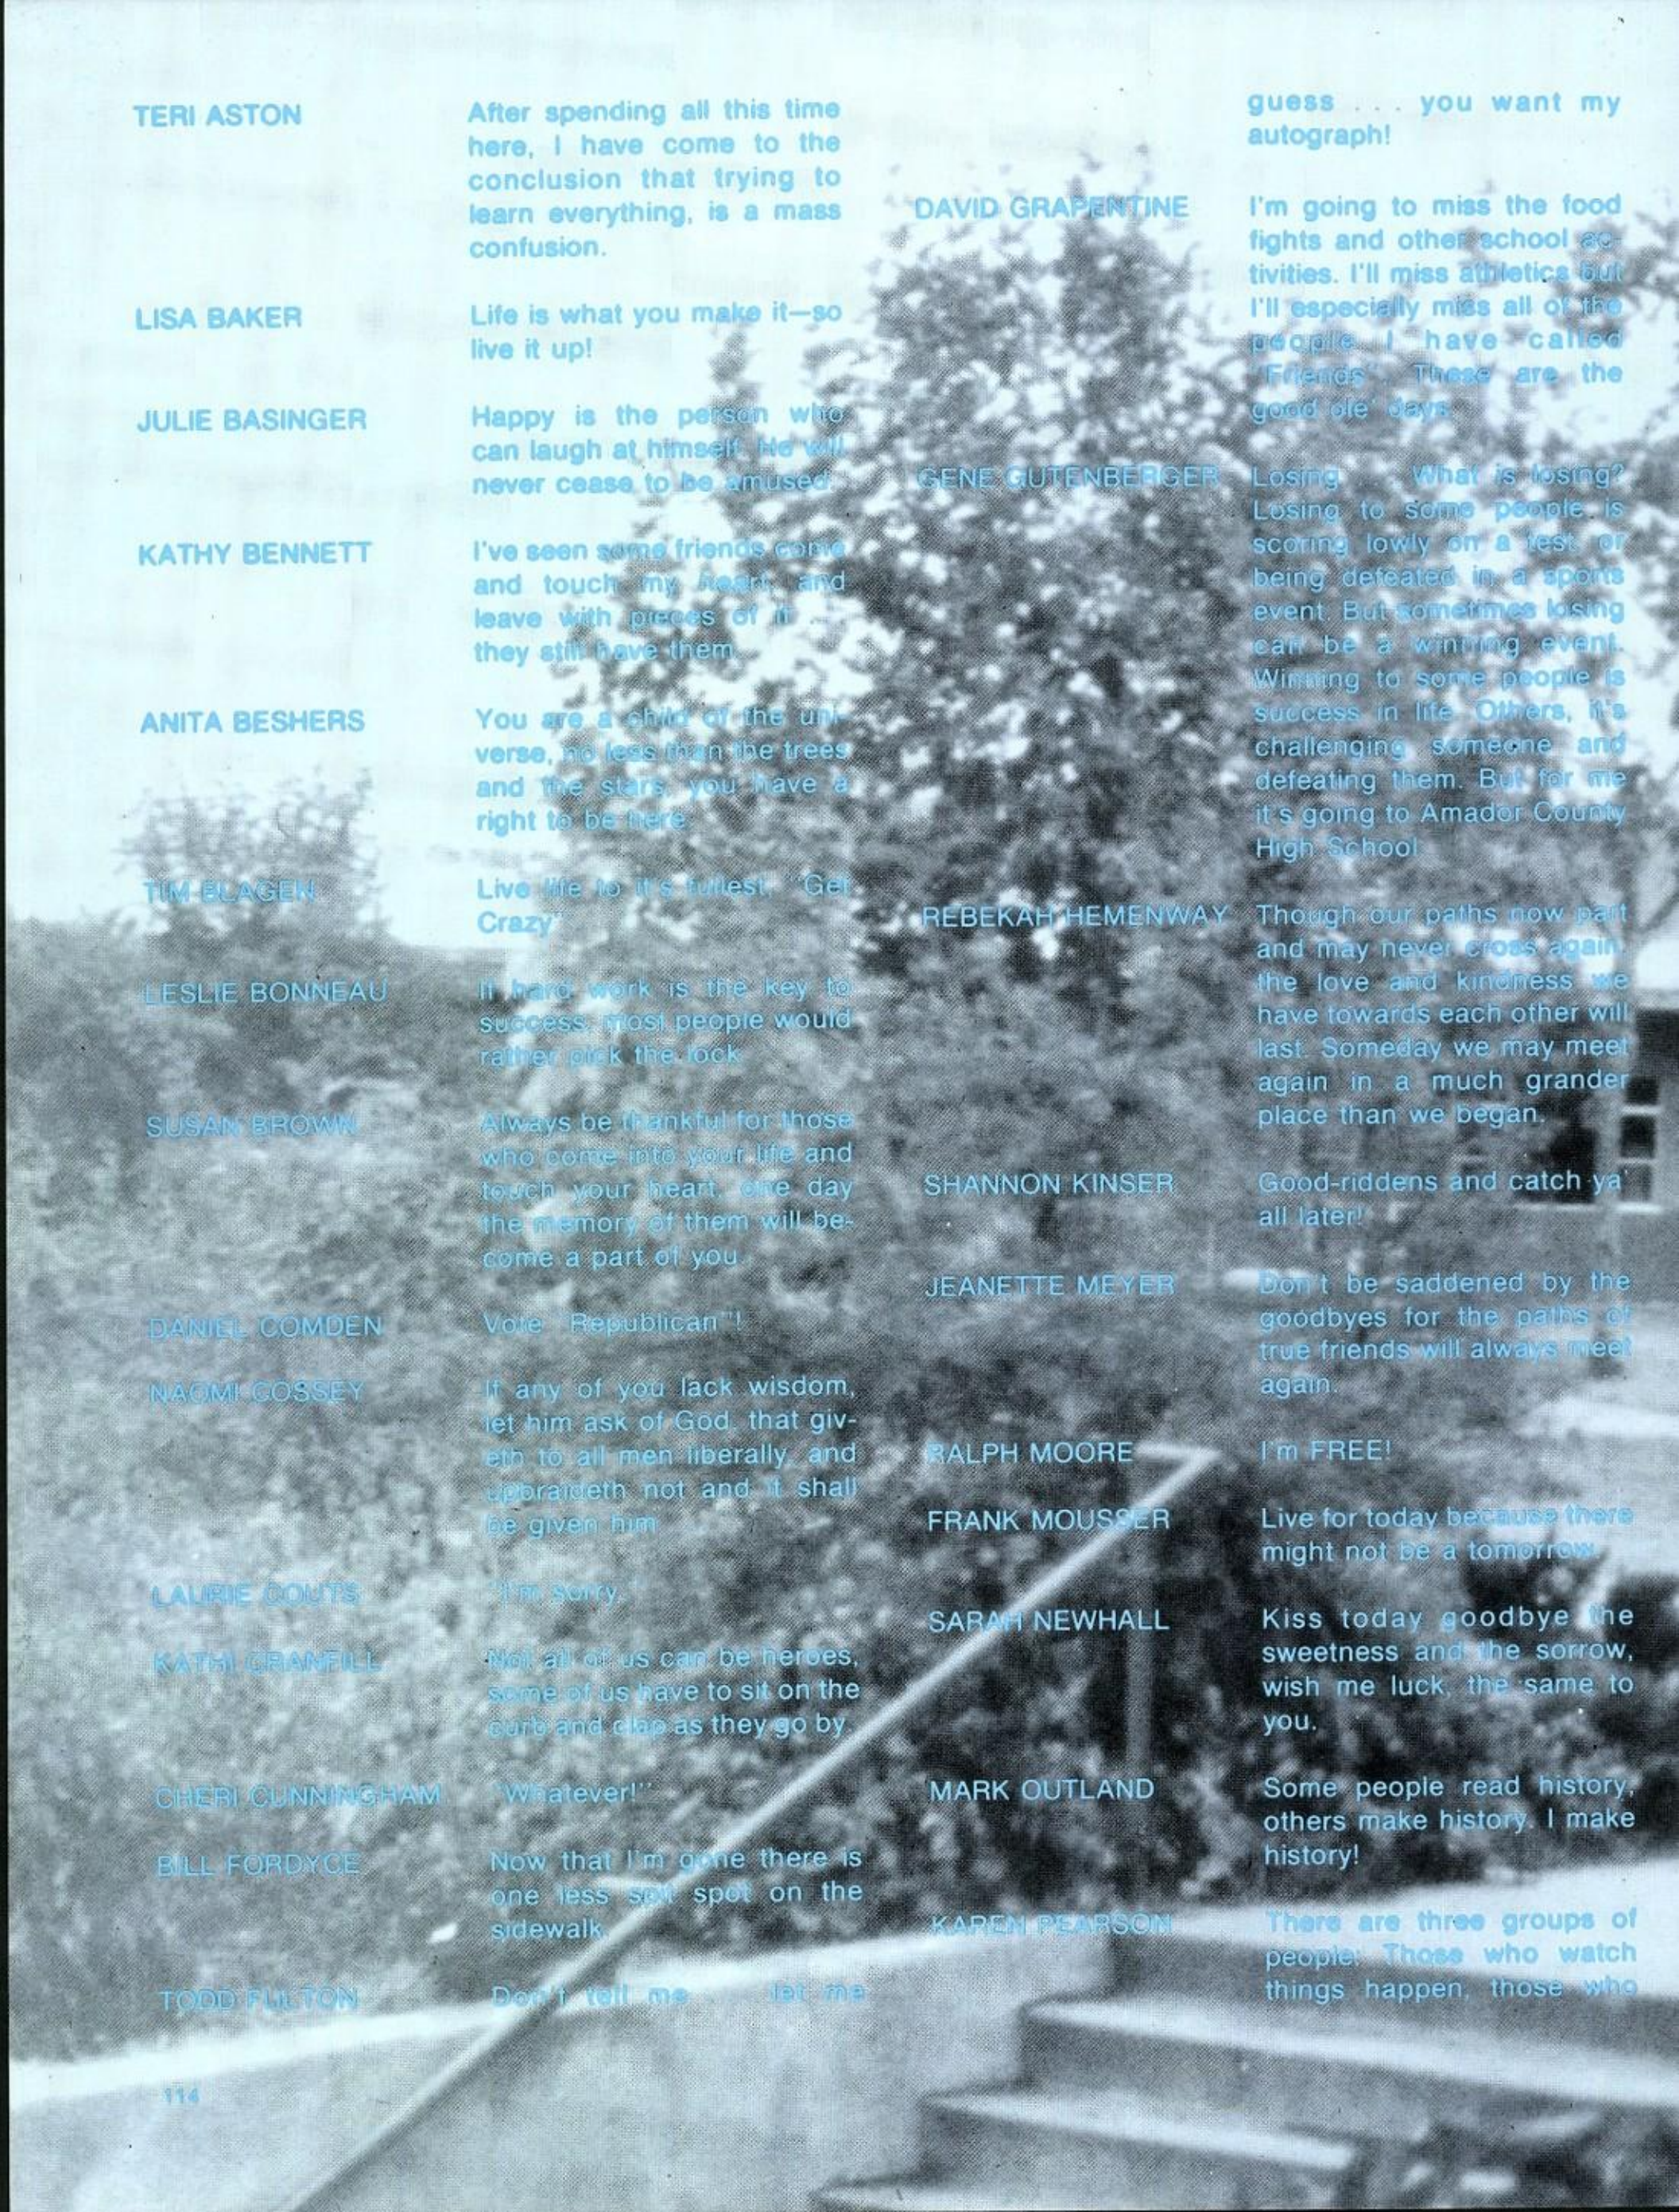
Angie Peterson
Junior Class President



CLASS CANDIDS







TERI ASTON — After spending all this time here, I have come to the conclusion that trying to learn everything, is a mass confusion.

LISA BAKER — Life is what you make it—so live it up!

JULIE BASINGER — Happy is the person who can laugh at himself. He will never cease to be amused.

KATHY BENNETT — I've seen some friends come and touch my heart, and leave with pieces of it ... they still have them.

ANITA BESHERS — You are a child of the universe, no less than the trees and the stars, you have a right to be here.

TIM BLAGEN — Live life to it's fullest. "Get Crazy"

LESLIE BONNEAU — If hard work is the key to success, most people would rather pick the lock.

SUSAN BROWN — Always be thankful for those who come into your life and touch your heart, one day the memory of them will become a part of you.

DANIEL COMDEN — Vote "Republican"!

NAOMI COSSEY — If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not and it shall be given him.

LAURIE COUTS — "I'm sorry."

KATHI CRANFILL — Not all of us can be heroes, some of us have to sit on the curb and clap as they go by.

CHERI CUNNINGHAM — "Whatever!"

BILL FORDYCE — Now that I'm gone there is one less soft spot on the sidewalk.

TODD FULTON — Don't tell me ... let me guess ... you want my autograph!

DAVID GRAPENTINE — I'm going to miss the food fights and other school activities. I'll miss athletics but I'll especially miss all of the people I have called "Friends". These are the good ole' days.

GENE GUTENBERGER — Losing ... What is losing? Losing to some people is scoring lowly on a test or being defeated in a sports event. But sometimes losing can be a winning event. Winning to some people is success in life. Others, it's challenging someone and defeating them. But for me it's going to Amador County High School.

REBEKAH HEMENWAY — Though our paths now part and may never cross again, the love and kindness we have towards each other will last. Someday we may meet again in a much grander place than we began.

SHANNON KINSER — Good-riddens and catch ya' all later!

JEANETTE MEYER — Don't be saddened by the goodbyes for the paths of true friends will always meet again.

RALPH MOORE — I'm FREE!

FRANK MOUSSER — Live for today because there might not be a tomorrow.

SARAH NEWHALL — Kiss today goodbye the sweetness and the sorrow, wish me luck, the same to you.

MARK OUTLAND — Some people read history, others make history. I make history!

KAREN PEARSON — There are three groups of people: Those who watch things happen, those who

make things happen, and those who wondered what happened.

TRACY PILKINGTON — Now that I'm out of school I can concentrate on my height.

LINDA PINELLI — We will always cherish the moments that we have shared from the past, we will always make the best of the present, we will always hope for the best in the future but . . . now that we go on from high school, no more headaches!

PAUL PLASENCIA — Along the road of life there are many sideroads, don't get caught at a dead end.

LYNN REDMAN — Never underestimate the insanity of this schools faculty.

DEBBIE RUCKER — Sit and Spin!

SHEILA SCOTT — Our opinions of people depend less upon what we see in them, than upon what we see in ourselves. Thank you Amador for showing me myself.

BILL SETTLAGE — Don't let them trick you into taking English courses you don't need.

PAM SIMMONS — We must cultivate our gardens.

ROBIN SMALLWOOD — I will lift mine eyes unto the hills from whence cometh my help, my help cometh from the Lord, who made heaven and earth.

DEBBIE SPARKS — Love is like a butterfly, it goes where it pleases and pleases where it goes!

VENITA STEVENS — There's something to love in everyday.

TONY STOUGHTON — Sex in America will go on forever, and don't let the shy ones fool you.

CHERYL SWANNER — The decision I suppose is mine alone to make. I have to find out where to go, and then what road to take.

JOHN SWIFT — "Beam me up, Scotty, no intelligent life forms here."

LAURIE TUSSEY — I know you feel you understand what you think I said, but I'm not so sure that what you heard was what I actually meant.

LYNNE WHEAT — Where there is faith there is love.
Where there is love there is peace.
Where there is peace there is God.
Where there is God there is no need!

CRAIG WELCH — "Get stoned."

LEONETTE ZEIMET — Hey, nipple nose!
